Who is our customer..

Global 70-Brand in EU

Local 30-Brand in Asia

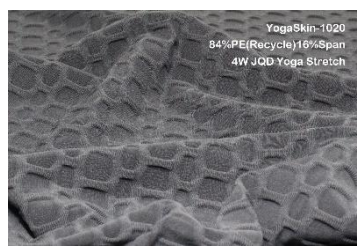

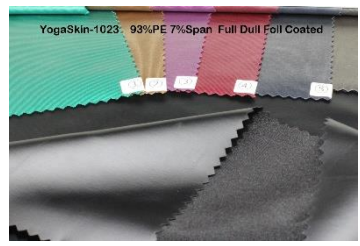

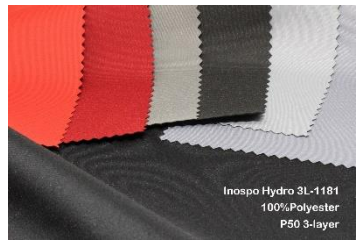

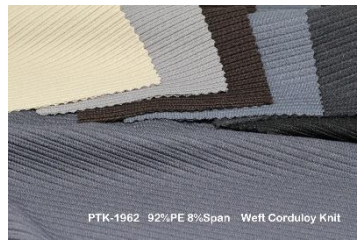

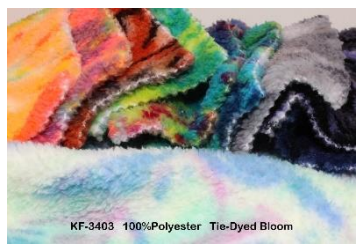

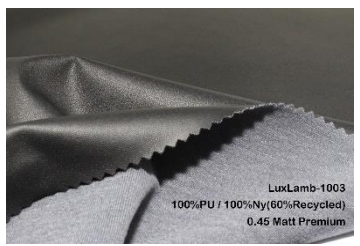

Global 80-Brand in US

Major Item..

Knit Based

- Simulated Fur / Leather / Suede
- **Sweater Fleece (Printed, Stretch, Double Face)**
- High Gauge - Compact, Less Stretch
- **Power Stretch with comfort**
- Breathable Membrane applied multi layer
- **Eco-Friendly (Recycled, Bio-degradable)**
- Safety (Hygienic, Skin-Friendly)

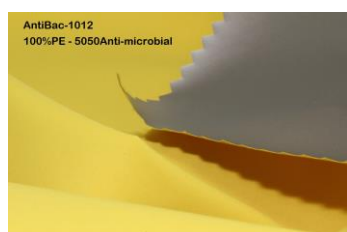

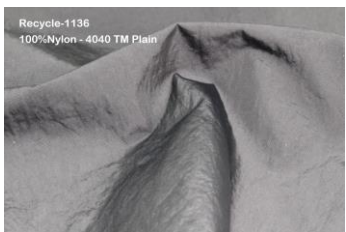

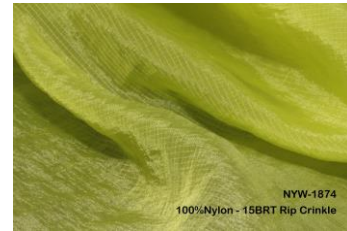

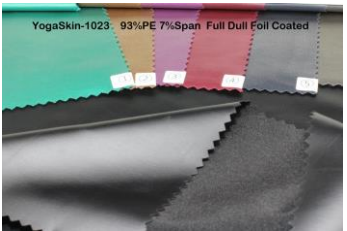

Major Item..

Woven Based

- Metallic, Leather Finish
- High density - Compact
- Comfort Stretch
- Price - Oriented in Regular Nylon and Polyester
- Multi Layered Water Proof & Breathable
- Eco-Friendly (Recycled) & Safety (Anti-Microbial)

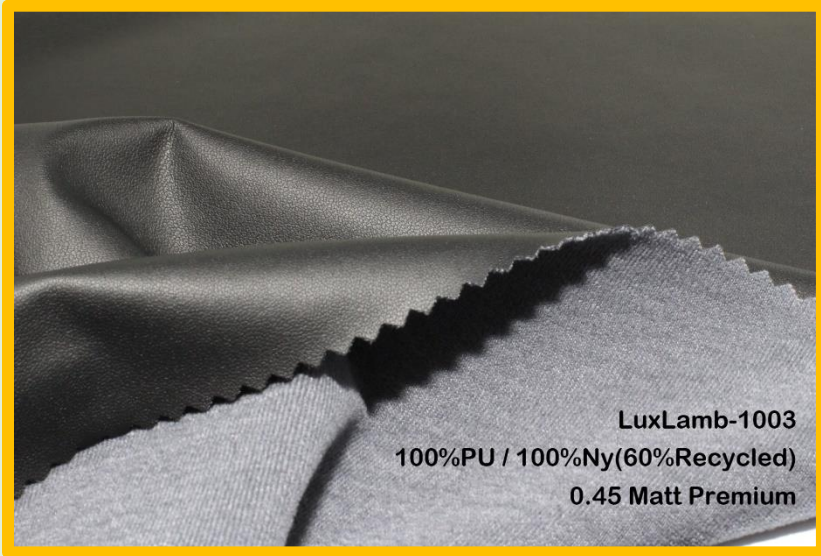

Technical Core Item

Knit Based

- World softest Fur

- Weight-loss finished
- Accurate hair control
- Softer than animal fur
- Easy Care (Washable)

- Protein PU Leather

- Protein powder Contained
- Softest like Lamb

- Cyber Shiny

- Directional Shiny
- Hologram effect
- High Gloss

Technical Core Item

Knit Based

K-Shirt – Perfect Wrinkle Free & Soft Drapery Knit Shirting

- “Less-Stretch” Engineered Knit fabrication
- Compact density – High gauge Knitting
- Exceptional Softness and Very Drapery hand feel
- **Permanent Wrinkle Free** – No need Ironing
- Easy Care – Machine washing and Tumble dry

● Knit for shirting

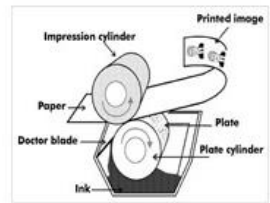

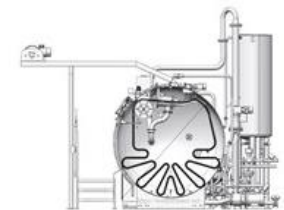

K Shirt – 1001 [Print Pattern – Reference]

【Manufacturing Process of Knit fabric for Dress Shirts】

Engineered Knitting

Special Dyeing for Wrinkle Free

Fashionable Printing

- Free Design Pattern of Manufacturer
- 10m available for sampling
- Tailored Design is available

Technical Core Item

Knit Based

- Fur / Fleece Printed

- Over 500 design
- 10yds available for sampling
- Scan QR for more design

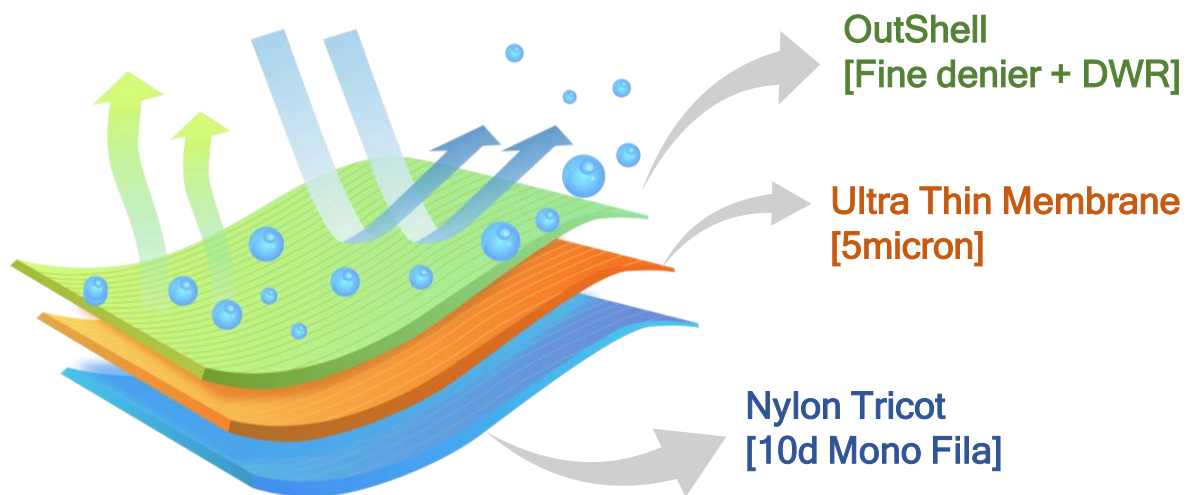

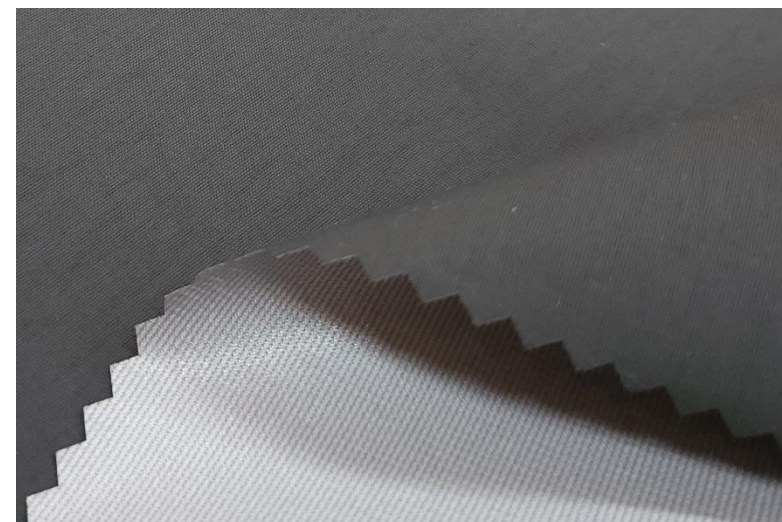

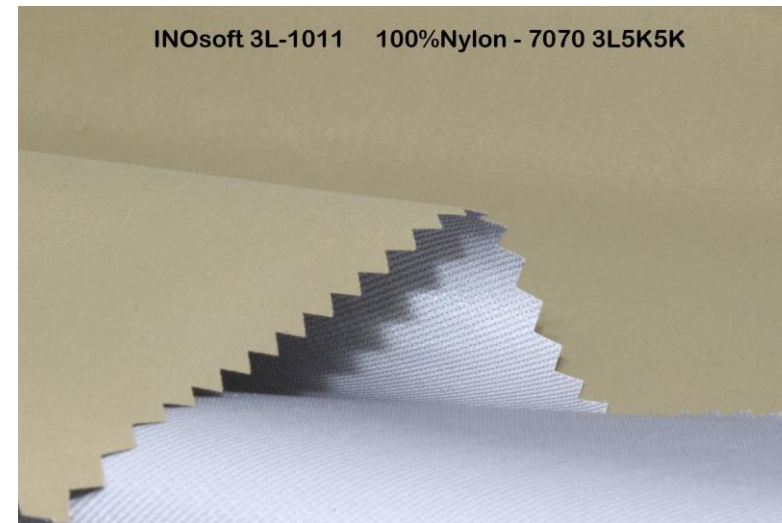

Technical Core Item

Woven Based

● InoSoft - 3 Layer

- 5,000mmH₂O + 5,000g/sqm 24hr
- Out Shell [7↔30d Nylon + DWR]
- **5-micron Membrane**
- 10d Nylon Tricot on back-side
- **Very Soft / Light Weight**

New Tech. Item

● Bio-degradable Fur & Fleece

- Bio-degradable Polyester (ecoen) used
- New fabrication will be updated

Characteristic of EcoBio Fabric

- Biodegradable in 3 years

- Same physical properties with regular polyester

- Diverse fabrication – Tricot, Circular knit, Woven

- Stable processing – dyeing, brushing, tumbling....etc.

- All made in Korea – Yarn, fabrication and finishing

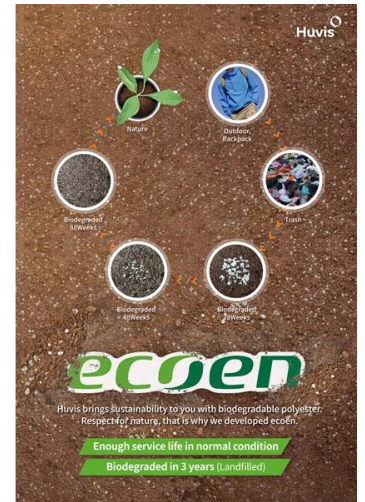

- Yarn brand – ecoen by Huvis (Korea)

Yarn Brand - *ecoen*

● Hang Tag

● Handout

New Tech. Item

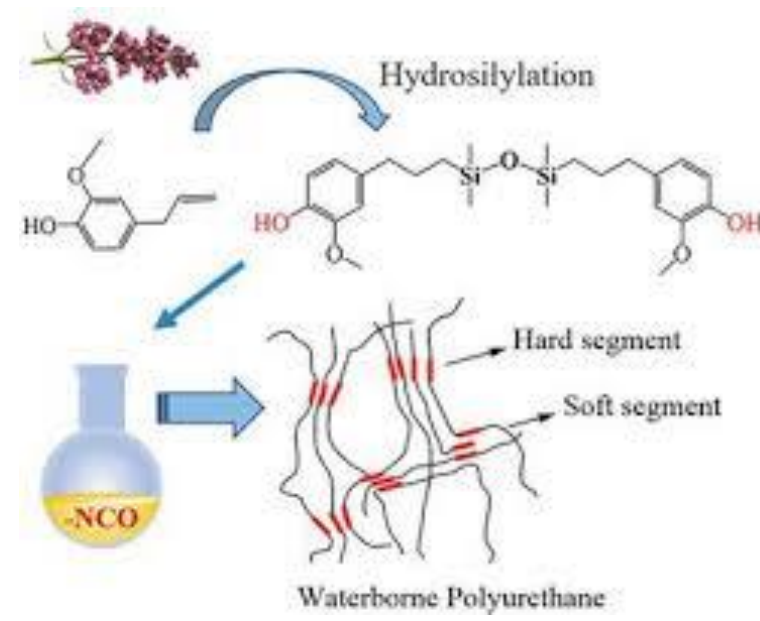

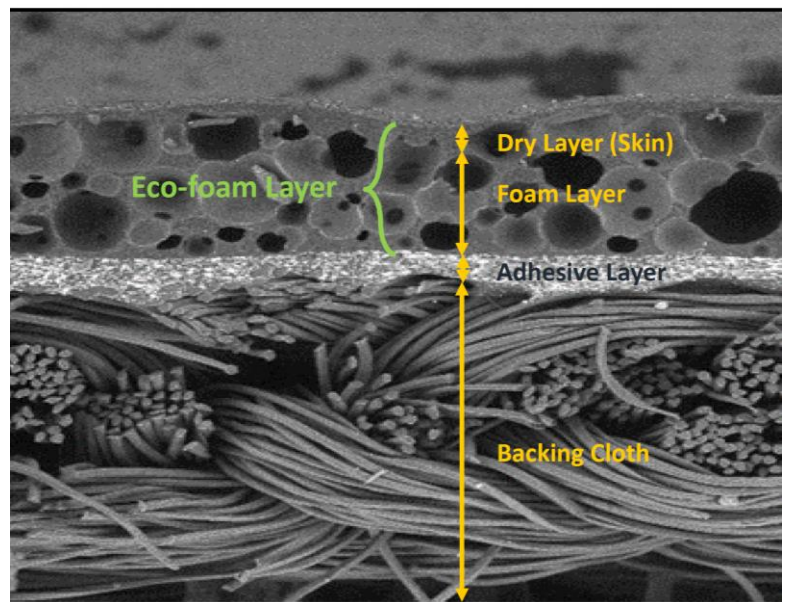

● Hydro PU

- Solvent (VOC) -Free PU Leather
- Micro-porous structured Soft hand-feel
- Water-based PU resin applied
- Zero Discharge of Hazardous Chemicals (ZDHC) Certified

Ø ZDHC
Zero Discharge of
Hazardous Chemicals

New Tech. Item

● Natural Dyeing

- EcoBio + Natural Dyeing
- Fake Fur will be update
- Recycled Polyester + Natural Dyeing
- Skin Friendly

Natural Dyestuffs

Botanical dye materials from nature

Indigo

Pomegranate

Himalayan Rhubarb

Madder

New Tech. Item

CuTex – Conductive & Anti-Bacteria Fabric with Voltlon®

- ✓ Copper Yarn (Voltlon®) Contained Knit Fabric
- ✓ Electro Conductive
- ✓ Permanent Anti-Bacteria function 
- ✓ Perfect Anti-Odor function
- ✓ Anti-Static and Protect Electromagnetic wave
- ✓ Thermo Insulation effect
- ✓ Anti-dust

What is Voltlon®?

- Copper Ion embedded on Acrylic fiber
- 3% Copper Contained
- High Tech Plasma Ion Treated with Copper

Advantage of Copper (Cu)

- Boost Metabolism in muscle and organs
- Keep Energy balance in the body
- The safest anti-bacterial element.

● Yarn Structure of CuTex with Voltlon®

Optional Staple Fiber (Cotton, Modal, Wool....) Voltlon Staple Fiber (Outside Copper / Acrylic Core)

Spun Yarn with Voltlon®

Diverse Combination with Voltlon®

- Very Compatible with natural staple fiber
- Cotton blended is very commercial
- Other special (Nomex) can be customized

● Copper Fabric

CuTex – Basic Jersey Collection

◆ CuTex-1001

- Item Name : VC Single Jersey (Natural)
- Composition : 10% Acrylic(Voltlon) 90%Cotton
- Weight & Width : 140g/sqm 147cm
- Function
 - ① 99.9% Anti-Bacterial and Odor after 50-washing
 - ② Electric conductive
- Price :
- Remark : Color available only in the reference.

◆ CuTex-1002

- Item Name : VC Double Jersey (Black)
- Composition : 10% Acrylic(Voltlon) 90%Cotton
- Weight & Width : 230g/sqm 147cm
- Function
 - ① 99.9% Anti-Bacterial and Odor after 50-washing
 - ② Electric conductive
- Price :
- Remark : Color available only in the reference.

New Tech. Item

【 K-Jurasil 】 – Moisturized & Hygienic KNIT for Skin-Wear

- Knit - Jurasil
 - Suitable for Leggings, Yoga and Swim wear
 - Well Printable
 - Smooth Wet Touch
 - Anti-Microbial

Engineering

- **Chemical Formulation of Vegetable oil**
- Spinning Tech.
- Enhancing Dyeability and Printing
- Inherent Elasticity

bio. Skin Friendly

- **Moisturized Feel**
- Soft hand touch like silk and cellulose
- Smooth and Slip
- Low surface tension

Functionality

- **Anti-Microbial**
- Quick drying
- UV Protecting
- Long-lasting Stability

Our Strength
