TAIJINTEXTILE CO., LTD.

TAIJIN TEXTILE

Instruction

Established in 1996, with only 4 circular knitting machines, TAIJIN TEXTILE now operates with 120 machines, the largest volume and capacity in South Korea.

TAIJIN TEXTILE is a specialized fabric company that produces highly value added circular knit items that diversify into high quality lingerie, inner wear, high functional athleisure wear, yoga wear (specializing in leggings), etc., and supplies to world class brands globally.
