LAINIERE PARIS Over a century of expertise in women's Haute Couture.

Since 1907, capturing the timeless soul of the jacket.

Leading technical expert in shirt interlinings worldwide since 1973.

Providing the highest performance, thermal retention and soft drape.

Chargeurs PCC's excellence in non-woven technology since 1972.

High-tech performance materials to new categories.

First ultralight sustainable knitted components, dyed without water.

Introducing S360, our innovative and sustainable product range.
