

Exhibitor space sold out at Performance Days

Functional-fabric trade show Performance Days has announced it has sold out of exhibitor space for its next edition, which takes place in Munich, Germany, on May 13 and 14.

More than 100 companies will exhibit on 108 stands – 22% more than at the May 2013 edition.

Longstanding exhibitors including Concept III, Everest, Lycra, Pertex, PrimaLoft and Schoeller will be joined by companies new to the show such as 3M, Huamao Group and Toray.

Steffen Meiler, Toray's head of marketing for Toray's textiles arm, will give a presentation on sustainability, while Giovanni Henssen, application development specialist at DSM Dyneema, will speak about strengthening denim.
